Platform on Biodiversity and  
Ecosystem Services**Distr.: General  
12 February 2018

English only

**Plenary of the Intergovernmental Science-Policy  
Platform on Biodiversity and Ecosystem Services  
Sixth session**

Medellin, Colombia, 18–24 March 2018

Item 3 of the provisional agenda\*

**Admission of observers to the sixth  
session of the Plenary of the Platform****List of observers admitted to previous sessions of the Plenary  
and admission of new observers to the sixth session****Note by the secretariat**

1. At its first session, the Plenary of the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services considered a draft policy and procedures for the admission of observers, but was unable to reach agreement on its adoption. The Plenary therefore decided to consider the matter further at its second session.
2. Also at its first session, the Plenary agreed that the interim procedure set out in paragraph 22 of the report of its first session (IPBES/1/12) would be applied to the admission of observers to its second session. There being no consensus on the draft policy and procedures for the admission of observers, the Plenary applied the same interim procedure at its third, fourth and fifth sessions, and decided, at its fifth session, to apply it at its sixth session, on the understanding that observers admitted to its first, second, third, fourth and fifth sessions would be among those admitted to its sixth session. Accordingly, the observers admitted to previous sessions of the Plenary will be admitted to the sixth session and are not required to resubmit their requests for admission.
3. With regard to new observers, the interim procedure provides that any body or organization that is qualified in matters covered by the Platform should inform the secretariat of the Platform of its wish to be represented at sessions of the Plenary. In accordance with the procedure, the Bureau has reviewed the list of organizations having expressed a wish to be represented at the sixth session.
4. The annex to the present note, which is presented without formal editing, sets out information on observers: part I lists observers accredited to the first to fifth sessions; part II lists the organizations recommended by the Bureau for admission as new observers to the sixth session of the Plenary; and part III lists applicants for observer status that the Bureau decided not to recommend for admission on the basis of the information requirements for such applicants set out in paragraphs 10–13 of the draft policy and procedures for the admission of observers (IPBES/6/14), which the Bureau has used as guidance in the implementation of the process for the admission of observers since the second session of the Plenary.
