*IPBES Executive Secretary*

Dear Dr Larigauderie,

In Your letter EM/2021/33, you requested stakeholder organisations, like Centre for Ecological Research, to nominate focal points to IPBES. On behalf of the Centre for Ecological Research, Hungary, I nominate prof András Báldi, research group leader of CER, to be an official focal point to IPBES.

András Báldi ([baldi.andras@ecolres.hu](mailto:baldi.andras@ecolres.hu)) is a former IPBES MEP member, and is member of the Knowledge and Data Task Force from the beginning. In addition, he is the leader of the project that supports Hungarians' participation in IPBES activities.

Best regards,
