To whomever it may concern,

With this letter, I would like to support the nomination of Dr. Alexander van Oudenhoven as IPBES stakeholder organisational focal point for Leiden University. Dr van Oudenhoven was previously involved as Lead Author of the Regional Assessment for Europe and Central Asia, and has been in close contact with the Netherlands focal points since 2015.

It would be a pleasure if future communication from IPBES, either directly or via the National Focal Point, is to be directed to Dr van Oudenhoven.

With this letter, I hope to have informed you sufficiently. Please feel free to contact me, should you require any further information.

Best regards,

Arnold Tukker  
Scientific Director
